

OvaCyte™ Pet

Zero-hassle, AI-powered fecal analysis.

OvaCyte Pet supports point-of-care fecal parasite identification. No-mess, load-and-go sample prep takes <2 minutes, freeing up practice time. Fully automated, digital sample analysis with AI empowers real-time treatment decisions, through accurate, reliable results.

Zero-mess sample prep Just load and go

OvaCyte Pet's easy-to-use, closed system means the sample is ready to run on the analyzer in <2 minutes. There is no weighing, maceration or separate manual centrifugation involved – meaning no smell and no mess.

Bringing lab quality into the clinic

OvaCyte Pet's novel, fully automated succussion method coupled with AI-powered digital analysis provides accurate, reliable results.

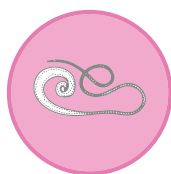

Make faster, informed treatment decisions

OvaCyte Pet delivers rapid, actionable results in consultation time, taking the guesswork out of treatment. OvaCyte Pet helps you to make accurate decisions fast, avoiding unnecessary treatment.

LAUNCHING
SOON!

Actionable lab-standard results. In-clinic. In real-time.

HOOKWORM • ROUNDWORM • WHIPWORM • COCCIDIA

Products are not intended for the diagnosis, prevention or treatment of a disease

Telenostic

OvaCyte Pet is as easy as A, B, C.

A

PREPARATION

Our OvaPrep tool makes sample preparation extremely easy, clean and quick with less than 2 minutes of your time. Use the tool to obtain the fecal sample, no weighing required. Insert into device, add flotation fluid and remove with a syringe. Insert into cassette.

B

LOAD AND GO!

Load the cassette onto the OvaCyte Pet Fecal Analyzer, and start the scan. The scan, analysis and reporting are fully automated. The AI-powered image recognition software identifies parasite species in the library and the number of parasitic eggs or oocysts present.

C

GET RESULTS AND REPORTS

Within in a few minutes the results are available on the OvaCyte web application on your computer or smartphone. Additionally, all scan images are available.

Experience hassle-free fecal analysis.

Product information

Product	Short description/contents
OvaCyte Pet Fecal Analyzer	Compact device with integrated touch screen, including power cords, power adapter, locking nut and Ethernet cable
